Philips is committed to the United Nations Sustainable Development Goals which aim to improve the lives of people and the health of our planet.

At Philips, we strive to make the world healthier and more sustainable through innovation.

Philips' goal is to double the lives of 3 billion people by 2025.

Philips is a leading private sector player in the Sustainable Development Goals by focusing on the following goals:

**GOAL 1: No poverty**
- Philips is focused on poverty eradication by providing innovative products and solutions to improve quality of life.

**GOAL 2: Zero hunger**
- Philips supports the eradication of hunger and malnutrition through programs that promote healthy diets.

**GOAL 3: Good health and well-being**
- Philips is committed to improving the lives of people by providing healthcare solutions.

**GOAL 4: Quality education**
- Philips supports the quality of education through partnerships and solutions.

**GOAL 5: Gender equality**
- Philips is committed to gender equality through initiatives like the Philips Foundation.

**GOAL 6: Clean water and sanitation**
- Philips is focused on clean water and sanitation through partnerships and solutions.

**GOAL 7: Affordable and clean energy**
- Philips is committed to ensuring access to affordable, reliable, sustainable, and modern energy for all.

**GOAL 8: Decent work and economic growth**
- Philips is focused on creating jobs and promoting economic growth.

**GOAL 9: Industry, innovation, and infrastructure**
- Philips is investing in the construction of infrastructure and partnerships to drive innovation.

**GOAL 10: Reduced inequalities**
- Philips is working to reduce inequalities through partnerships and solutions.

**GOAL 11: Sustainable cities and communities**
- Philips is committed to making cities and communities more sustainable.

**GOAL 12: Responsible consumption and production**
- Philips is working towards sustainable consumption and production patterns.

**GOAL 13: Climate action**
- Philips is taking action against climate change through partnerships and solutions.

**GOAL 14: Life below water**
- Philips is focused on the protection of marine life through partnerships and solutions.

**GOAL 15: Life on land**
- Philips is committed to the conservation of terrestrial ecosystems.

**GOAL 16: Peace and justice**
- Philips is focused on promoting peace and justice through partnerships and solutions.

**GOAL 17: Partnerships for the goals**
- Philips is working with partners to achieve the Sustainable Development Goals.

### Partnerships and Solutions

- **International Partnerships**
  - Philips works with international organizations to drive progress on the SDGs.
  - Examples include partnerships with the United Nations and local governments.

- **Philips International Green Initiatives**
  - This includes projects like the Philips Solar LED lantern Solutions.

- **Philips Solar LED lantern Solutions**
  - This initiative provides solar-powered LED lanterns to improve access to electricity.
  - Over 1.3m households have access to better lighting.

### Key Statistics

- **1.3m households** have access to better lighting through Philips LED lanterns.
- **2.6bn people** are due to non-communicable diseases.
- **6.3 million women** die in pregnancy and childbirth in Africa every year.
- **7.8%** of the global population did not have access to electricity in 2011.
- **1.3bn tonnes** of electronic waste were dumped globally in 2014.
- **85%** of the world’s population cooks with traditional practices.

### SDG Impact

- **GOAL 7**
  - Ensure access to affordable, reliable, sustainable, and modern energy for all.
  - Philips is committed to improving energy access and efficiency.

- **GOAL 12**
